

COMMUNICATION

29th April 2021

NOTZgroup has taken a number of corporate changes over the past year.

- **Peter Ils** was appointed Head of the Industry Division, which include the business units STUDER-BIENNAFORM, JACQUES ALLEMANN, STAHL-SERVICE-CENTER, LAMINERIES MATTHEY and VOCO.
- **Jürg Haefeli**, who has headed LAMINERIES MATTHEY for over 21 years and more recently also the Industry Division retires at the end of this month. **Claude Biselli** succeeds Jürg Haefeli as head of LAMINERIES MATTHEY.
- **Gottfried Stettler** who for over 38 year with the *NOTZgroup* has been responsible for both Trading and Industry business units, takes on the role of Group Advisor with a focus on the implementation of our new ERP system. **Beat Frick** succeeds Gottfried Stettler as head of sales for the Industry Division.
- **Thomas Weber** was appointed Head of the Trading Division and succeeds **Silvana Kast** who now focuses on sales and purchasing activities.
- **Andreas Meister** has recently been appointed Head of the Services Division and CFO of the *NOTZgroup*. He succeeds **Salomon Schärer**, who after 18 years of service retires but remains a member of the Board of Directors of Notz Metall AG.

We would like to thank the outgoing members of the management team for their contribution, tireless commitment and loyalty during all these years that has allowed our group to have developed so far. At the same time, we wish the newly appointed members much success and fulfilment in the further development of their respective business areas.

Alexander Catsiapis

CEO and President

Notz Holding AG

advanced metal solutions

The **NOTZgroup** is an independent Swiss family integrated group of companies specialised in stockholding, distribution, trading and manufacturing of stainless steel and special alloys semi-finished products.

Mission Statement: -

To be a reliable and flexible long-term provider of top quality semi-finished specialised stainless steel and alloy products.
A primary stockholder and supplier of stainless steel and non-ferrous tailor made flat and long products to the Swiss market.
A niche metal alloys producer of precision strips, cold rolled strips and foils, flat wire and very fine dawn wires and profiles to clients world-wide.
